WILDER'S PATENT SALAMANDER SAFES,

NO. 25 MERCHANTS' ROW, BOSTON, CORNER OF CHATHAM STREET.

The following letter from the proprietor of the Chelsea Laundry, is a proof of the superior qualities of this Safe:

CHELSEA, May 15, 1848.

JNO. E. *Wilder, Esq.*—Dear Sir: In reply to your note, I have the pleasure to say that the books and papers contained in the Safe I bought of you, were perfectly legible and uninjured by fire at the burning of the Chelsea Laundry, on the night of the 10th instant. There were papers and bank notes in the drawers of the Safe, which had no appearance of having passed through fire. The Safe was exposed to an intense heat for several hours.

Respectfully yours,

STEPHEN SIBLEY.

The following letter from the Superintendent of the Maine Telegraph Company, is another proof of the superiority of JOHN E. WILDER'S Safe over all others:

BANGOR, Oct. 21, 1850.

MR. E. *Wilder, Esq.*—Dear Sir: The Safe I purchased of you was exposed to a great degree of heat at the burning of the [illegible] in this city. DYSPEPSIA,

DR. HUTCHINGS'

VEGETABLE DYSPEPSIA BITTERS.

THE MOST POPULAR [illegible]

Used by Physicians of High standing.

These BITTERS remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, fortify the system against all future disease, can be taken with safety, at no time debilitating the patient—being grateful to the most delicate stomach and remarkable for their cheering invigorating, strengthening and restorative properties, and an invaluable and sure remedy for the

DYSPEPSIA IN ITS WORST FORM.

Also, liver complaints, jaundice, heartburn, costiveness, faintness, disorders of the skin, liver and kidneys, loss of appetite, low spirits, nervous headache, giddiness, palpitation of the heart, sinking and fullness of weight at the stomach, and all other diseases caused by an impure state of the blood, liver, &c., which tend to debilitate and weaken the system.

Females who suffer from a morbid and unnatural condition, will find this medicine of

INESTIMABLE VALUE

In all cases of General Debility this Medicine

ACTS LIKE A CHARM.

The following certificate is from an old gentleman who readily acknowledges the Bitters the only thing that keeps him alive.

Dear Sir:—I hereby offer you a willing testimony to your valuable Bitters; I hardly know where to find words to thank you for the good it has done me. I would not be without it on any account, and honestly believe that it is the only thing that keeps me alive.

I have recommended it to many of my friends; they all speak of it in the highest terms, which it richly deserves.

You are at liberty to refer any one to me in regards your valuable compound.

WALTER SIMONSON,

63 Fourth street, Williamsburg.

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,

No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutching's Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,

N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,

No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations,

HUTCHINGS' VEGETABLE DYSPEPSIA BITTERS.—THE PROOF! THE PROOF!!—An ounce of fact is worth a pound of theory; and the swarm of conclusive facts that cluster around this incomparable preparation, establishing its value as a tonic and restorative, are such as would prevent incredulity itself from questioning its efficacy. In all cases of disease of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial and renovating influence. Dyspepsia, heartburn, loss of appetite, uneasiness in the epigastric region, fluttering of the heart, dimness of sight, swimming in the head, hypochondria, flatulency, nausea, nervous tremors, relaxation and debility, &c., are relieved by the Bitters in a very short space of time; and a perseverance in their use never fails to work a thorough cure.

NEW VILLAGE OF HERMANNVILLE.

ONLY $25 FOR A HOMESTEAD,

22 FARMS, worth over $8,500, and 6,100 LOTS, to be distributed among 500 Subscribers.

To supply the demand for the Lots and Farms at Hermannville, I have laid out a large tract, adjoining the Long Island Railroad and [illegible] already sold at Hermannville, to be of the same size, and disposed of and divided among the purchasers in the same manner as those recently sold there.

I have been induced to do this [illegible] the great number of persons wishing to purchase these Lots and Farms, as the improvements in that part of the Island are constantly increasing, and large numbers of persons have now become interested in those lands. This allotment is in every respect equal to the other, and at the [illegible] are now [illegible] they will all be sold in a few weeks.

Each subscriber is entitled to a Lot, 25 by 100 feet, lying together, or a FARM of from 5 to 20 acres. The shares are limited at $25—payable $5 when subscribed for, $5 more to be paid the day of distribution, and the balance in monthly instalments of $5. [illegible] a Warrantee Deed will be [illegible] immediately after the distribution, and delivered directly after paying the balance.

☞ The lots are situated in the Village of HERMANNVILLE, on the Long Island Railroad, County of Suffolk, and 55 miles from the city of New York, and adjoins Lakeland, a new village recently laid out, where handsome buildings are erected, and the Railroad Company contemplate making a large depot for the termination of their cars, between that place and Brooklyn. It is one of the healthiest places in the United States, and within one mile of Ronkonkoma Lake, a beautiful sheet of water about three miles in circumference, of singular transparency, and of great depth, with an abundance of fish. The village is but 4 miles distant from the great South Bay, which is 5 miles wide and 40 miles long, abundantly supplied with oysters, clams, and fish, and all kinds of birds.

The soil is well suited to as much per acre, with the same cultivation, as any land within fifty miles of the city of New York.

"LONG ISLAND WHEAT.—At the annual meeting of the New York Agricultural Society, held at Albany on the 25th inst., for awarding premiums on Field Crops, we find Suffolk County stands second first in [illegible]—in raising Wheat. Mr. Samuel L. Thompson, of Setauket, received the second premium of $15, for Winter Wheat, 42 bushels [illegible] to the acre.—Mr. Thompson's wheat is of a variety which has been raised [illegible] on the Island, [illegible] well adapted to this soil. Some [illegible] of Long Island are beginning to be developed."—*Long Island Star.*

[illegible] that Suffolk [illegible] (Hermannville), and [illegible] now offered for sale. This wheat is now [illegible] city of [illegible] and was sold [illegible] which at $5 [illegible] Mr. Thompson [illegible] of a little more than [illegible] acres, or $111.

The [illegible] being the [illegible] the very best of [illegible] *Potatoes* [illegible] *per acre*, [illegible] variety of vegetables [illegible] the Long Island Railroad, at Lake Road, or Lakeland, where a Post-Office has been established, for which premiums at the Suffolk County Agricultural Fair, held September, consisted of premiums, [illegible] Mangel wurtzels, beans, beets, and tomatoes.

The following is from the New York Farmer and Mechanic of November 7th, 1850, and was written by Mr. Starr, the editor, who visited the lands. The wheat, potatoes, and crops referred to in the article, were at Lakeland, near Hermannville Station:

"Having a few hours' leisure during the past week, we were induced to take the Long Island Railroad, to view that part of the country about fifty miles from New York, which we [illegible] to be capable of a very successful and profitable cultivation. Although late in the season, and viewed under some disadvantage, we were surprised at the quality and [illegible] of the crops which had been gathered from a portion of the land, as also the winter crops which are in a [illegible] promising. Wheat which had been sown but two or three weeks, presented a beautiful, thrifty appearance; while turnips, beets and other vegetables not yet gathered [illegible] would compare advantageously with the best in the New York market. Potatoes early in the [illegible], were very fine, with [illegible] and [illegible] standing in the field were [illegible] by [illegible] that we [illegible] one hundred dollars per acre [illegible] the vegetables which received the premium at the Suffolk County Fair, were raised from [illegible] good soil [illegible]

[illegible] with [illegible] the [illegible] [illegible] Eligible Farm [illegible]"

Hermannville Station is on the borders of the Long Island Railroad [illegible] several times a day to [illegible] New York. [illegible]

[illegible] few miles from [illegible] cultivated [illegible] valuable [illegible] from $50 to $250 per acre.

The distribution [illegible] The [illegible] 20 [illegible] 15 [illegible]

[illegible]

MANNER OF DISTRIBUTION [illegible]

[illegible]

The land was once heavily timbered; some portion of it is now covered with a thrifty growth of young wood, oak and pine. Wood is plenty, and generally cheap in that part of the Island.—Firewood is cheaper than that which is sold in the city at [illegible] cord, for the New York market in [illegible], and has for a great many years been always considered a ready article on the Island.

There is material on the land for common fencing—good [illegible] can be had within a few miles of the tract at a moderate [illegible]. All building materials can be had at the depots of Brooks[illegible] [illegible]

[illegible] [illegible] the average depth will be about 25 feet, at 45 to[illegible] where the ground is higher, they are deeper. Subscribers are not compelled to build.

There are now churches and schools within two or three miles of the village; and within four miles, mills, factories, stores and villages. All the privileges of an old settled county are to be had here; and the people of Suffolk County pride themselves upon being a highly moral, orderly, and religious people. Any subscriber can [illegible] perform a use [illegible].

The land can be very easily cleared, and the cost of settlement will depend entirely upon the settler; he can lay out as much or as little as he chooses. I do not know of any objections to the place, or to the land for a settlement, and the same labor and industry which make successful and prosperous settlements in other parts of the county, bestowed upon these lands, cannot fail to produce favorable results.

The climate is in every particular healthy and pleasant—the roads are good, and always passable at all seasons of the year—the winters are short and mild, compared to the winters on the [illegible] to the north of the highlands—there is seldom sleighing more than two or three weeks on the Island.

What is remarkable, a crop is seldom injured by drought—there is no part of the country where there is so little injury from drought as on Long Island; nor is there any injury from wet—there is no wet or cold land on the Island. All the [illegible] along the margin of the streams can be made highly valuable at a small cost, for there is no such thing as a flood or freshet, as in the interior [illegible] the country, by which often very great [illegible] carrying [illegible] [illegible]

[illegible] by Thomas Wood, Stationer, 117 Fulton street, near Pearl, N. Y., or Charles Wood at the same place, either of whom will receive remittances and forward receipts therefor, by return of mail. They will also give every information [illegible] pamphlets of the property, and show [illegible] CHARLES WOOD, [illegible]

I also desire to say that I have good Farming Lands west of my Village lands, which I will sell in 5 to 40 acre lots, at from $20 to $50 per acre. The soil is well adapted for farming and garden purposes, in every respect.

Newport, March 10, 1851.

The Daily News.

NEWPORT,
BY CRANSTON & NORMAN,
127 THAMES STREET.
FRIDAY MORNING, MAY 2, 1851.

THE WHIG MEMBERS OF THE GENERAL ASSEMBLY are requested to meet in the Representative Hall of the State House, at Newport, on Monday evening, May 5th, at 8 o'clock. It is particularly desired that every Whig member of both Houses may be present.

☞From what we hear in different directions, there is every reason to believe that old Newport will be crowded to suffocation next week, by those who intend to participate in the ceremonies of Election, in various ways. Generally speaking, whenever there is a change in the Administration, there is always a large crowd at Election. Very many applicants for office always come down to urge their claims upon the party, and to see that justice is rendered unto them; *their* friends also come,—and then a host of others come because there is to be a change, and because they consequently anticipate a fine time. This year, we presume that the unterrified Democracy will come *in scores*; this will give them an opportunity to spend the money which was given them to vote the locofoco ticket. In addition to this it is said that a large steamer will arrive from New York on Monday, bringing a crowd of the "faithful" from that city, who will help rejoice with their brethren here. We rather think that the Police of Newport will have their hands full.

☞The steamer Bay State has just resumed her place on the line between Fall River and New York. She has been thoroughly overhauled and repaired, and is now in as perfect and beautiful order as she was the first trip she made. She is still commanded by Captain Brown, who is an universal favorite with the travelling public, and whose popularity is equal to his merits. He has been engaged in the navigation of the Sound all his life, and no safer or more experienced officer ever commanded a steamer. His undivided attention is given to the comfort of his passengers, and his whole mind is fixed upon his boat.

Mr Loring, the Clerk, has been on this route long enough to make himself a favorite with all; his gentlemanly conduct and accomodating spirit have won for him hosts of warm friends.

Hinman, that prince of Stewards, is back again on this line, and is in the Bay State. [illegible] Empire State, and went out as Steward of the Ocean steamer Baltic; sea-voyages not agreeing with his health, he left that steamer a few weeks ago, and is with us once more, where we trust he may long remain. In his department we have never seen his equal; his tables are unsurpassed, and we may safely say unsurpassable.

The pilots and engineers are all experienced in their business, and the waiters are active and attentive to all their duties.

On the whole, with two such steamers as the Bay State and Empire State, furnished and manned as they are, throughout, the Fall River Line is unequalled by any in the country. We wish these boats all possible prosperity, for they richly deserve it.

☞S. E. Sewell, the Free Soil candidate for Congress from the Second District of Massachusetts, declines remaining longer in that position, and recommends his party to support Robert Rantoul, the locofoco candidate. This operation is a part of the bargain between these two parties in carrying out the election of Sumner as Senator.— There is no State in the Union which has been so disgraced, during the last six months, by political trades and coalitions, between the locofocos and free soilers, as Massachusetts,—and if the better portion of her citizens are not sufficiently disgusted by such disgraceful transactions, before they are all completed, then, surely, Massachusetts is beyond the hope of redemption; and the old Bay State, which has hitherto been so honored in the glorious confederation, will occupy a menial and disgraced position.

WINES.—We take pleasure in calling the attention of our readers to the choice and extensive stock of Wines to be found at the store of Messrs. Newton Brothers. Every variety of Wines and Liquors can be found in the large assortment which they have for sale. They devote particular attention to the selection of their Wines, and no store in the State offers a better selection of this [illegible] sive establishment, of the best qualities, and at the lowest prices; all of which will be sent to any part of the town, free of expence

☞A fishing schooner from Touro, went ashore on the Beach, west of the boat-house on Wednesday night, mistaking a light in a farm-house for the Goat Island light. She will probably be got off without serious damage.

☞Our thanks are due to the Hon. Elisha R. Potter, for a copy of his excellent Address delivered before the Rhode Island Historical Society, on the 19th of February last.

RAIL ROAD TO THE PACIFIC.—The New Haven Palladium publishes an interesting letter from Forest Shepherd, Esq., written at Sacramento City, and chiefly descriptive of the topography and geological wonders of California. He says that it is now ascertained almost beyond doubt that a rail road can be constructed from the Mississippi to the Pacific, without crossing any mountains, or without meeting more impediment from snow than would a road from Albany to Boston. He gives the following sketch of the route:—

This route is from the head or southern portion of Tulare valley, through Walker's pass, thence to the Mojaree river, thence north eastward to high grounds on the tributaries of the Rio Colorado, thence crossing said river above the great Carien, thence east to Pilot Mountain near Santa Fe, passing Pilot Mountain on the north side, thence to Santa Fe and the Mississippi at Apple Creek below St. Louis, where there is a good landing and open navigation to New Orleans through the winter, and of course a road on the bank of the Mississippi to St. Louis.— This route will be 600 or 800 miles nearer than any other, has wood and water nearly the whole distance, and abundance of stone and coal at Santa Fe. The above route will accommodate both north and south, New Mexico and California, and ocean steamers will soon render a trip from San Francisco to Astoria as light a matter as at present from Buffalo to Chicago or Mackinaw. The route further north is very objectionable on account of the snow on the table lands on the head waters of Feather river. I have travelled over snow apparently undrifted, varying from 12 to 20 feet in depth, in the month of June.

At the request of several members of the General Assembly, we publish a call for a Whig caucus, to be held in the State House at Newport next Monday evening. We are further requested to say, what, indeed, must be apparent to every Whig, that it is exceedingly desirable that [illegible] should be full, that every Whig member should give this punctual attendance. It is only by punctuality, union, harmony and conciliation that our friends can make available the share that is still left to them in the government of the state. A great responsibility rests upon the Whig members of the General Assembly. By wise and prudent councils, and by mutual forbearance, they can prevent much evil, if they can accomplish no positive good.

The strength of the Grand Committee is yet to be tested. Our opponents claim it; and the figures are in their favor; but, at the worst, giving them every doubtful member, their majority is but *two* in the Grand Committee, and the Whigs have a majority of *two* in the House of Representatives. It will be strange if all the members claimed by the Democrats go with them; yet it is not impossible. If a single man fails them, the responsibility of the casting vote is thrown upon the Governor. If two fail, the Whigs have the majority. In any event, the duty of the Whigs is plain, and in the present position of parties this duty comes with peculiar force upon every individual member, because the absence of a single one may defeat the efforts of all the others. We cannot tell what the future may develope: but we can all see our present duty and can all pursue it, and thus relieve ourselves of responsibility for the consequences, whatever they may be.—*Prov Journal.*

THE INTERNATIONAL MAGAZINE, FOR MAY, 1851.—There is no falling off in the character of this periodical. On the contrary it improves, and the rapid increase of its subscription list is only a just tribute to its progressive excellence. The original articles in the present number are equal in merit to those selected, and as a whole we considered it one of the best specimens of a magazine ever issued from the American Press, at any price: and yet you obtain one hundred and fifty two pages, with fourteen or fifteen engravings, for *twenty-five cents.*

☞Mlle Jenny Lind will give the first of her farewell concerts at Castle Garden, New York, on Wednesday evening the 7th May. She will be a [illegible] engagements at the Lakes and in Canada, and after these are fulfilled, will return to England to be present at the great exhibition.

Lady Franklin's Expedition to the Arctic Regions.

Of the nature of the projected voyage to the Arctic Seas by Mr. Kennedy and his crew of Orkney men, in search of Sir John Franklin, a few notes are supplied by the John O'Groat Journal. Mr. Kennedy is now at Aberdeen, where the little ship, the Prince Albert, is fitting out. The route to be followed is by Lancaster Sound, then down Prince Regent's Inlet as far as possible. The ship is then to be moored in some harbor, and two boats will be despatched in various directions according to circumstances, or as the openings in the ice may present. One boat is intended to bring overland to the western shore, at Cresswell or Brentford Bay, in the direction of the magnetic pole. The other will be sent southwards to Felix Harbor, and will cross Boothia Isthmus, and after striking the sea coast will proceed by Sir James Ross' Strait to meet the other boat.

After meeting, they will again diverge and explore westward. It is then intended that one of the boats be dispatched in the direction of Simpson's Straits, while the other will be directed northward, with a view to come on the track of Dr. Rae and his party. Mr Kennedy has been thirteen years in the service of the Hudson's Bay Company and spent eight years of that period in Labrador. Knowing the country and the abundance of deer, salmon, and marine animals, he has the firm pursuasion that at least a portion of Sir John Franklin's party are yet alive. He goes out without fee or reward, animated by a pure devotion to the service. The crew consists of seventeen persons, nearly all natives of Orkney.

The expedition is to be conducted on tee-total principles; and the ship will be ready for sea by the end of this month, She carries three boats—one of mahogony, one of common materials, and one gutta percha. Messrs Duthie of Aberdeen, are building a boat especially for Mr. Kennedy's use. It is to be twenty-two feet long, only two feet wide at midships, or broadest part, and after being covered with hide or gutta percha, with one person set in it—canoe fashion—is calculated to draw only three inches of water; the depth of the boat is to be 12 inches at the seat. It is intended to propel this extraordinary craft, after the manner of the natives of these regions—the Esquimaux—by a double-bladed oar, and the person seated in it will be covered up with a skin dress, buttoned to the chin, and fastened to the deck, that, in the event of its being swamped, it can easily be righted again without [illegible] into it.

Mr. Kennedy contemplates not only using this boat for crossing rivers over ice and down rapids, but to make it his couch of repose all night, by simply pulling a blanket over him, and there repose in a temperature that makes one freeze to think of. He has been accustomed to these hardships, and has stood many nights in similar circumstances, with the thermometer 45 to 50 degrees below zero; often, too, with no covering but the canopy of heaven. The Prince Albert will be provisioned for two years. All success attend her!—*Inverness Courier.*

FROM KEY WEST.—There is considerable anxiety here relative to the Cuban expedition. We hear from a reliable source that men and arms are ready, that an attempt will be made soon to invade the island. If our countrymen do again land on the soil of Cuba, with a view to its capture while we are at peace with Spain, we trust that they will receive no protection from the United States.

The men and boys on this coast have had good employment the past four months in gathering sponges. This is a new business for us. If present prices continue to be realized, it will add more than forty thousand dollars annually to the income of this place.

MARRIED AND COMMITTED TO JAIL.— John Clements was arrested yesterday afternoon, on the charge of assaulting John Coffee with a beer bottle. He was brought before the Police Court, and remanded to jail, there to remain until the May term of the Municipal Court, in default of bail for $150. Previous to entering his new quarters, however, he expressed a desire to be united in the bands of matrimony to a young woman who had been present in the Court during the examination, and who appeared to be willing to unite her fate with one so soon to enter the walls of a prison. Accordingly, the bride and bridegroom stepped into another room, where Cyrus Cummings, Esq, Justice of the Peace, speedily made them one, after which the bridegroom departed to jail, and the bride to her lonely home.—*Exchange.*

M. Guizot is on the point of publishing a series of biographical sketches of men who figured in the English revolution of 1640. The life of Ludlow appears in the first of the series.

BALTIMORE, April 30.

Levi Cole, the accomplice of Tom. Kanouse, who stands charged with being connected in the robbery of the Phœnix Bank, at Westerly, Rhode Island, was arrested here last evening.— He will be taken to Rhode Island for trial.

WASHINGTON, A[illegible]

A despatch appears in the [illegible] this morning, dated Savannah, [illegible], which states that an expedition against Cuba is on foot, and marching [illegible] south across the states.

Our Government has taken precautionary steps, and has chartered a steamboat and sent officers South to intercept and frustrate their designs.

NORFOLK, April 30.

The Beacon contradicts the report of a a change having been made in the destination of the U. S. frigate Susquehannah and says she will be ready to sail on the 15th of May.

CHARLESTON, April 28.

Capt. Rollins, of the steamship Isabel, a well informed man, states that when he left Havana the mass of the people were under no apprehensions of any attack, and that although the Government continued to keep up defensive preparations, they were perfectly at ease about any invasion.

The stories relative to troops sleeping on their arms, continued excitement &c., are believed to be made up for effect.

It is predicted that the Southern convention, which is to meet here on Monday next, will be a failure.

VICKSBURG, April 28.

All apprehensions of an overflow here have ceased and the river is now falling. The rain is much needed.

LOUISVILLE, April 30th.

We learn that Father Mathew has left Nashville for this place, on his way eastward.

MONTREAL, April 26.

Despatches are just published from Early Grey to the Governor General, according to which the Imperial Government will not object to reductions in the civil list, and will recommend the British Parliament to pay the Governor General of Canada,—and in return will remove all troops except from the garrisons of Quebec and Kingston, and will charge the Province with ordnance, canals and barracks; also with presents to the Indians. Early Grey does not think this will tend to a separation of the colonies from the mother country.

This is a very important change, and we are of opinion that Early Grey will find the proposed change not very acceptable to the Canadians.

SIR H. BULWER AND THE IRISH.

New York, April 30.

At an Irish indignation meeting held here last evening, in denunciation of Sir H. Bulwer, for certain remarks made by him at the St. George's dinner, a letter was read from that gentleman declaring that he had not the remotest idea of disparaging any portion of the Irish people in his speech on that occasion.— The letter was received with groans and hisses.

☞A Christian Anti-Slavery Convention is to be held at Indianapolis on the 20th of May next, and a political Anti Slavery Convention, at the same place, on the 29th.

☞All, or nearly all of the fugitive slaves residing at Springfield, have gone to Canada, many of them within a few days past.

NAVAL.—Orders have been received to fit the Ohio as a receiving ship, and hands are already employed on her.— It is rumored that the Franklin, the present receiving ship, will proceed to Portsmouth, to undergo repairs, in the new balance dock at that station.— *Boston Herald.*

The Dover Gazette announces the marriage in that place of two individuals, one from Chelsea and the other from Boston, who had a short courtship. It says—"The bridegroom had never seen his 'ladye love' until about five minutes before he married her; he commenced writing to the young lady about a fortnight previous, and so pointed was his pen that the above was the result."

MARRIED.

In this town, on the 29th ult., by Rev. T. Thayer, assisted by Rev. H. Jackson, Rev. J. Hagadorn Wells, of West Yarmouth, Mass., and Miss Ann Maria Wells, daughter of the late James Wells, Esq., of Hopkinton, R. I.

NOTICE.

THE undersigned, having retired from the business of Druggist, &c., in which he has been engaged for many years past, would inform the public that he has this day relinquished all interest in Apothecaries Hall to his nephew Rowland R. Hazard, and Philip Caswell, Jr., who will hereafter carry on the business, in all its branches, at the old stand, on Washington Square Newport, R. I. The undersigned takes this occasion to recommend his successors to the public as fully competent and well-qualified, in all respects, to continue the business. R. R. Hazard, one of my successors, was educated in the business at the well-known establishment of Messrs. A. B. & D. Sands, in New York, having been with them about six years. Philip Caswell Jr. has been with me for the last six years and is thoroughly acquainted with the business in all its branches,—and I cheerfully commend them to the public as skillful, experienced and cautious men, who, I am confident, will conduct their business to the entire satisfaction of those who deal with them.

All persons indebted to the subscriber, or to the late firm of R. R. Hazard, & Co., are requested to call and settle their bills, as it is necessary that all business in which the subscriber is interested should be closed as speedily as possible.

apr25 ROWLAND R. HAZARD.

NOTICE.

THE undersigned, have this day, entered into a copartnership under the firm of

R. R. HAZARD & CO.,

and will continue the business of Druggists and Pharmaceutists at the old stand, Apothecaries' Hall, Washington Square, Newport, R. I. heretofore occupied by Dr. R. R. Hazard and by R. R. JAMES W. LYON, PLUMBER, BRASS FOUNDER AND COPPER SMITH,

No. 226 Thames Street,

Newport, R. I.

HAS constantly on hand a variety of Force and Lift Pumps, of his own manufacture, which he warrants equal, if not superior to any ever offered in this market.

Also, Water Closets, Wash Bowls, Cocks and Chinaware Faucets, and every description of Plumbing Materials of various qualities and prices, as cheap as can be bought elsewhere.

Also, Pure block Tin Pipe, warranted not to injure the water [illegible] put in the best style to Pumps and [illegible].

Having procured the services of an experienced Plumber, he is prepared to execute all orders in this line with neatness and despatch.

Lead Pipe and Sheet Lead of various sizes on hand, also, all kinds of [illegible] Composition castings made to order. Ship Castings of all kinds on hand and made to order at short notice.

JAMES W. LYON.

Having been appointed Agent of the Boston Gutta Percha Manufacturing Co., is now prepared to furnish any quantity of Gutta Percha pipe and sheet-lead, this pipe can be fitted to any of the uses to which lead has been applied, for conveying cold water possesses many advantages over lead, as it is not affected by any of the acids or alkalies, it is entirely tasteless, does not affect any kind of water, will not rot and cannot be burst by frost. This sheet may be applied to any use to which sheet-lead may be applied, and perfectly adapted to lining water tanks and reservoirs and uses for water closet work.

Grateful for past favors, he hopes by strict attention to his business to merit the approbation of his customers, All work warranted not to fail in its interest.

How much CANCER—how much SYPHILIS—how much SCROFULA—will one Dollar's worth of BRANT'S PURIFIER cure? Read the following statement, which is a specimen of its power—

CANCEROUS SCROFULA!

This is the case of a dying man with [illegible] The man was cured of a worse case of SCROFULA, by only twelve bottles of Brant's Purifier, than ever was cured by the use of twelve gallons of the best Sarsaparilla that was ever made. [illegible] first medical power to effect the cure of such a [illegible] case.

Mr. J. B. HASKIN, of [illegible], Oneida Co., N. Y., had Scrofula four years—was confined to his bed the last year—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the best medical advice [illegible] best Sarsaparilla to no good effect—[illegible] worse and worse, so that he was considered to be in a dying state, and could not live twenty-four hours longer, when he commenced using BRANT'S PURIFIER. His neck was eaten nearly off, from ear to ear; a hole was eaten through his windpipe, under his chin, so that he breathed through the hole; his ear was so eaten around that it could be lifted up out of its place, it only holding by a small piece; the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly eaten through his side into his body. That he was afflicted with twenty-eight putrid, acrid, offensive ulcers, on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skillful physicians of Rome, was called to see Haskin the day before he commenced using Brant's Purifier. Dr. W. examined him, and then told him that all the medicines in the world could not cure him—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of BRANT'S PURIFYING EXTRACT, of Bissell & Leonard, druggists of Rome. I commenced using that, and began to get better. That bottle enabled me to get off my bed, where I had been confined one year; the second bottle enabled me to get out of the house; the third bottle enabled me to walk two miles, to Rome Center, where I procured six bottles more, and when I had finished using them, seventeen out of twenty ulcers had healed up—and three bottles more effects a PERFECT CURE of all the ulcers, and restored me to good health."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. J. R. BROWN, proprietor of the Black River Hotel—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other respectable witnesses.

EXPERIENCE is the Basis of all Real Knowledge.—To SEE and to FEEL is to KNOW, and that which is seen and known must not be contradicted. When Galileo announced the discovery of new planets, the Aristotelians said, "This is impossible." Galileo replied, "Look through my telescope and behold!" The philosophers replied, "We will not look lest we should see them!" There are a few people now-a-days [illegible] that they will not look at facts lest some [illegible] should be disturbed. These persons are, however, not numerous, and their stupidity [illegible] nobody but themselves. The character of Dr. S. P. Townsend's Compound Extract of Sarsaparilla rests upon unlovered experience alone. Without this solid foundation it never could have attained the wide-spread popularity which it at present enjoys. Its value and medicinal efficacy being thus demonstrated by the experience of thousands, it is only necessary to say that science sanctions and verifies the verdict.

Dr. JAMES R. CHILTON,

a Physician and Chemist of the highest rank, superintends the compounding of this Sarsaparilla.

Dr. S. P. Townsend's Sarsaparilla has proved to the satisfaction of thousands, to be the GREAT PURIFIER of the BLOOD and FEMALE STRENGTHENER. It will not reduce the already debilitated, its TONIC ACTION being such as to STRENGTHEN, as well as to regulate the bowels.

HOME TESTIMONY.

SALT RHEUM,

OF MANY YEARS STANDING.

The following evidence of the efficacy of Dr. S. P. TOWNSEND'S EXTRACT OF SARSAPARILLA in Cutaneous Diseases, is well worthy the notice of those afflicted with such disagreeable eruptions:

New York, August 6, 1850.

Dr. S. P. Townsend—Dear Sir: I am most happy to acknowledge that, after suffering for nearly nine years with the Salt Rheum in a very aggravated form, and being abandoned as incurable by several of our first physicians, I was finally persuaded to try your far-famed Sarsaparilla. The effects were soon perceptible, and when I had used ten bottles, to my great surprise I found myself not only cured of that most disagreeable and irritating disease, but my general health was so much improved that it astonished my family and friends. Since then I have advised others to make use of your Medicine, and have noticed its wonderful effects curing in numerous diseases, not altogether caused by a bad state of the blood.

Yours most respectfully,

Mrs. JANE SHAW, 105 Third Avenue.

P. S. You have my consent to publish the above; and it will give me great pleasure to state my case personally to any lady that is similarly afflicted.

COUGHS AND COLDS.

Dr. S. P. Townsend's Sarsaparilla contains just the qualities that are requisite in these cases. It acts as a mild alterative and expectorant, thus changing the action of the system, and enabling it to throw off the complaint. The number of instances in which Coughs and Colds have been cured by this preparation is immense.

Brooklyn, June 19, 1850.

Dr. S. P. Townsend—Dear Sir: I was taken sick about a year ago, which was thought by many would result in consumption. I had used "Old Dr." Jacob Townsend's (as he is called) Sarsaparilla, which done me no good. I then tried yours, and am most happy to say it has entirely cured me. I am a clerk of Col. JAMES T. JACK, Esq., Counsellor at Law, Montague Hall, in this city.

Yours, &c.,

Gents—Gratitude will no longer prevent my acknowledging to you how much I have been benefited by the use of Dr. S. P. Townsend's Sarsaparilla. For nearly a year I have been afflicted with Dyspepsia and Nervous Debility; I had become almost discouraged, as my physician's prescriptions were every day the same: "You require no medicine, but exercise in the open air, and you will never get well." Feeling as I then did, this was not [illegible]. Still I was through the recommendation of [illegible] to take Dr. S. P. Townsend's Sarsaparilla. She said it would strengthen [illegible]. [illegible] HAZARD [illegible]

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medical discovery of the Age.

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by outward application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

of New Jersey, of distinguished attainments and exalted reputation:—

Sidney, New Jersey, July 12, 18[illegible]

Dr. A. H. Christie: Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skillful and excellent men, but here all proved in vain. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the winter [illegible] the skill of my physicians [illegible] afforded me great relief, but this relief was only temporary. Further, in the winter of [illegible] in consequence of preaching a great deal in my own and various other [illegible] I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was now [illegible] as my Bronchitis [illegible] and my Dyspepsia and Rheumatism [illegible] these disorders were connected with each other through the medium of the Nervous System. "The Tenth Legion," published at Woodstock, Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from commending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored to entire health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"Patent Medicines."

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of those same articles, the land is become deluged with quack preparations, that are made alone for profit, and are foisted on us for the drugs. In this state of things, [illegible] but one, not which we are [illegible]. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them, and he is not careful to discriminate wholly the virtues of their valuable (which frequently contain plain medicines [illegible] for the purpose of making money,) for the ills [illegible] which it attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
